

It is a pleasure to provide a quote for my cybersecurity auditing service to enhance the overall integrity of your company.

My company offers professional services such as:

- Audits
- Implementation of security improvements
- Workshops for staff development
- One-year security follow-ups

We offer various packages to suit your specific needs, and modifications can be requested as well. The proposal is divided into four parts for execution and corresponding payment.

Improval implementation

- ✓ Reinforcement of web vulnerabilities
- ✓ Reinforcement of physical process vulnerabilities
- ✓ Department-specific adjustments for better integrity
- ✓ Implementation of new processes
- ✓ If necessary, web and process restructuring

Total audit cost: 1,500,000 colones

To begin the implementation phase, a 50% deposit must be made to the provided bank account, with the remaining 50% due upon completion of all implementations and security training sessions. Additionally, quarterly follow-ups for one year to review the company's integrity are included in the final price.
